

Handbook of Research on

# Recent Developments in Materials Science and Corrosion Engineering Education

Hwee Ling Lim

# Handbook of Research on Recent Developments in Materials Science and Corrosion Engineering Education

Hwee Ling Lim  
*The Petroleum Institute, UAE*

A volume in the Advances in Chemical and  
Materials Engineering (ACME) Book Series

An Imprint of IGI Global

# Table of Contents

Preface.....	xxii
Acknowledgment.....	xxxii
Introduction.....	xxxiii

## Section 1

### Innovations in Materials Science and Engineering Degree Course Curricula

#### Chapter 1

Bridging Product Design with Materials Properties and Processing: An Innovative Capstone Course .....	1
<i>Andrew M. Bodratti, University at Buffalo (SUNY), USA</i>	
<i>Chong Cheng, University at Buffalo (SUNY), USA</i>	
<i>Paschalis Alexandridis, University at Buffalo (SUNY), USA</i>	

#### Chapter 2

Teaching “Design-for-Corrosion” to Engineering Undergraduates: A Case Study of Novel Ni-B Coatings for High Wear and Corrosive Applications .....	21
<i>Ramazan Kahraman, Qatar University, Qatar</i>	
<i>R. A. Shakoor, Qatar University, Qatar</i>	

#### Chapter 3

Linking Materials Science and Engineering Curriculum to Design and Manufacturing Challenges of the Automotive Industry .....	46
<i>Fugen Daver, RMIT University, Australia</i>	
<i>Roger Hadgraft, CQ University, Australia</i>	

#### Chapter 4

The Interdisciplinary, Project-Based Infrastructure Degradation Curriculum at Worcester Polytechnic Institute.....	67
<i>Aaron Sakulich, Worcester Polytechnic Institute, USA</i>	
<i>Tahar El-Korchi, Worcester Polytechnic Institute, USA</i>	
<i>Richard D. Sisson Jr., Worcester Polytechnic Institute, USA</i>	

## **Chapter 5**

- Applying a Coherent Academy Training Structure to Vertically Integrate Learning, Teaching and Personal Development in Materials Science and Engineering ..... 82  
*Ian Mabbett, Swansea University College of Engineering, UK*

## **Chapter 6**

- Innovative Instructional Strategies for Teaching Materials Science in Engineering ..... 100  
*Fahrettin Ozturk, The Petroleum Institute, UAE*  
*Tanju Deveci, The Petroleum Institute, UAE*  
*Ebru Gunister, The Petroleum Institute, UAE*  
*Rodney J. Simmons, The Petroleum Institute, UAE*

## **Chapter 7**

- Developing Deeper Understanding of Green Inhibitors for Corrosion of Reinforcing Steel in Concrete ..... 118  
*Mohammad Ismail, Universiti Teknologi Malaysia, Malaysia*  
*Pandian Bothi Raja, Universiti Teknologi Malaysia, Malaysia*  
*Abdulrahman Asipita Salawu, Federal University of Technology, Nigeria*

### **Section 2**

### **Incorporating Information Technology into Materials Science, Engineering, and Corrosion Education**

## **Chapter 8**

- Virtual Environments in Materials Science and Engineering: The Students' Opinion ..... 148  
*D. Vergara, University Catholic of Ávila, Spain*  
*M. Lorenzo, University of Salamanca, Spain*  
*M.P. Rubio, University of Salamanca, Spain*

## **Chapter 9**

- Artificial Intelligence Methods and Their Applications in Civil Engineering..... 166  
*Gonzalo Martínez-Barrera, Universidad Autónoma del Estado de México, Mexico*  
*Osman Gencel, Bartin University, Turkey*  
*Ahmet Beycioglu, Düzce University, Turkey*  
*Serkan Subaşı, Düzce University, Turkey*  
*Nelly González-Rivas, Joint Center for Research in Sustainable Chemistry (CCIQS), Mexico*

## **Chapter 10**

- The Role of Digital Libraries in Teaching Materials Science and Engineering ..... 190  
*Arlindo Silva, University of Lisbon, Portugal*  
*Virginia Infante, University of Lisbon, Portugal*

**Section 3**  
**Materials Science, Engineering, and Corrosion Education: Interdisciplinary  
Approaches in Teaching and Training**

**Chapter 11**

Interdisciplinary Course Development in Nanostructured Materials Science and Engineering..... 212  
*Kenneth L. Roberts, King Faisal University, Saudi Arabia*

**Chapter 12**

Materials and Mechanics: A Multidisciplinary Course Incorporating Experiential, Project/  
Problem-Based, and Work-Integrated Learning Approaches for Undergraduates..... 230  
*Kyle G. Gipson, James Madison University, USA*  
*Robert J. Prins, James Madison University, USA*

**Chapter 13**

Integrating Industry Research in Pedagogical Practice: A Case of Teaching Microbial Corrosion  
in Wet Tropics..... 254  
*Krishnan Kannoorpatti, Charles Darwin University, Australia*  
*Daria Surovtseva, Charles Darwin University, Australia*

**Chapter 14**

Integrating Sustainable Engineering Principles in Material Science Engineering Education..... 273  
*Bandita Mainali, La Trobe University, Australia*  
*Joe Petrolito, La Trobe University, Australia*  
*John Russell, La Trobe University, Australia*  
*Daniela Ionescu, La Trobe University, Australia*  
*Haider Al Abadi, La Trobe University, Australia*

**Chapter 15**

Materials as a Bridge between Science, Engineering, and Design..... 292  
*Arlindo Silva, University of Lisbon, Portugal*

**Chapter 16**

Successes in the Development of an Arabian Gulf Materials Program..... 309  
*Bruce. R. Palmer, Texas A&M University at Qatar, Qatar*  
*Dana Abdeen, Texas A&M University at Qatar, Qatar*  
*Walid Khalfaoui, Texas A&M University at Qatar, Qatar*  
*Nasser Al Jassem, Texas A&M University at Qatar, Qatar*  
*Brajendra Mishra, Colorado School of Mines, USA*  
*Eunkyung Lee, Colorado School of Mines, USA*  
*David Olson, Colorado School of Mines, USA*

**Chapter 17**

Setting up a Learning Environment in an Interdisciplinary Professional Collaboration ..... 329  
*Elin Legland, Hydro Technology Centre, QSTP, Qatar*

**Section 4**  
**Engineers at Work: Professional Skills and Career Development**

**Chapter 18**

Cultural Heritage Career Paths for Materials Scientists and Corrosion Engineers ..... 349  
*Stavroula Golfomitsou, UCL Qatar, Qatar*  
*Myrto Georgakopoulou, UCL Qatar, Qatar*  
*Thilo Rehren, UCL Qatar, Qatar*

**Chapter 19**

Teaching MSE Students to Teach: A Design-Based Research Model for Introducing Professional Skills into the Technical Curriculum ..... 369  
*Catherine G.P. Berdanier, Purdue University, USA*  
*Tasha Zephirin, Purdue University, USA*  
*Monica F. Cox, Purdue University, USA*  
*Suely M. Black, Norfolk State University, USA*

**Chapter 20**

Development of Non-Technical Skills Required by Future Global Practitioners in MSE and Corrosion Engineering ..... 397  
*John Robertson-Begg, University of Derby, UK*

**Chapter 21**

What Makes Them Stay and Go? Best Practices for Engaging Gen Y Female Professionals in the Critical Arabian Gulf Petroleum Industry ..... 416  
*Hwee Ling Lim, The Petroleum Institute, UAE*

**Compilation of References** ..... 441

**About the Contributors** ..... 478

**Index** ..... 491
